group of eager
ends.

It is how relationships and trust are built. Financial backing of
ly with people you know comes when the costs
of differences of opinions and influence, or the
if you want to perhaps put relationships on the line with
things go awry with strangers, it is easier to deal with the
because it is just possible to walk away. Not with family.
This should be considered as perhaps a last resort.

How are angels different from other investors?

Angel investors usually invest their own money. They may or may not invest or not. They don't need outside help or advice. The analysts, consultants, suppliers or providers.

What do they usually offer that other investors don't?

Along with providing the money, they may act as expert advisors or even hands-on participants in the company to
